No. 30

Big Victory for Allies German Line Broken Driven Across Marne

Big news has been coming through since last Thursday in regard to the war. The French assisted by the Americans started a great counter-attack between the Aisne and the Marne and according to latest reports the Allies have driven the Germans across the Marne and have broken through their lines at Chatteau-Thierry, and it is expected that if the Germans in their retreat succeed in extricating themselves it will be at a tremendous loss of large numbers of men and guns and supplies.

The British troops started to take a hand in the game on Saturday between Rheims and the Marne and drove the Germans back over a mile.

On Sunday the Germans were still retreating.

The Allies have captured 560 guns besides large numbers of prisoners and material.

U-Boat Bombs the U. S. Coast

Orleans, Mass., July 21.—An enemy submarine attacked a tow off the eastern most point of Cape Cod today, sank three barges, set a fourth and their tug on fire and dropped four shells on the mainland. This action lasted an hour and was unchallenged except for two hydroplanes from the Chatham aviation station, which circled over the U-boat, causing her to submerge for a short time only to reappear and resume firing. The crews of the tow, numbering 41 and including three women and five children, escaped amid the shell fire in life boats.

Have Executed Former Czar of Russia

A Russian wireless statement says:

"At the first session of the central executive committee elected by the fifth congress of the councils, a message was made public that had been received by direct wire from the Ural regional council concerning the shooting of the ex-Czar Nicholas Romanoff.

"Recently Yakaterinburg, the capital of the Red Urals, was seriously threatened by the approach of Chechoslovak bands and a counter revolutionary conspiracy was discovered which had as its object the wresting of the ex-czar from the hands of the council in authority.

"In view of the fact, the president of Ural regional council decided to shoot the ex-czar, and the decision was carried out on July 16th.

"The wife and the son of Nicholas Romanoff have been sent to a place of security."

Supreme Court Upholds Order-in-Council

The great decision as to whether the Order-in-Council in respect to cancelling exemptions was valid has been given after a great deal of unrest had been created all over Canada through the actions of a few slackers and lawyers who tried to block Canada's war efforts for political purposes. The decision in favor of the Order-in-Council was given by a majority of the Judges of the Supreme Court, four in favor, including Chief Justice Fitzpatrick, and two against.

This removes all doubt as to the validity of this Order-in-Council, although it is thought that a few lower court judges may be found who are prepared to defy the Supreme Court decision and go on with Habeas Corpus proceedings, but they will be very few and Canada's efforts in sending men over to assist

those gallant men who are already sacrificing everything at the front will continue.

The Lewis case which was brought up in Calgary is very much like the Grey case on which the Supreme Court gave their decision, but the Federal government has decided to appeal against the decision of the Appellate Division of the Supreme Court of Alberta in the Lewis case.

Celebrate Double Golden Wedding

Fifty years of happy married life is the record of Mr. and Mrs. Wm. Hunsperger and Mr. and Mrs. John Witwer of New Hamburg, Ont., who came up to Alberta to celebrate the event with Mr. and Mrs. Hunsperger and their different descendants, a great many of whom live in this province. Both couples were married at the same time and place in Ontario.

There were 125 persons (all close relatives) present at the celebration on Thursday last at the home of Mr. Hunsperger and a big tent, 78 feet by 45 feet, had to be provided to accommodate the large crowd at the dinner. Both Mr. and Mrs. Hunsperger and Mr. and Mrs. Witwer received valuable presents.

A large group photo was taken of those present and a splendid time was enjoyed. Those who participated were:

Mr. and Mrs. Wm. Hunsperger.
Mr. and Mrs. John Witwer, Sr., New Hamburg, Ont.
Mr. and Mrs. Ben Hunsperger, Mr. and Mrs. Abner Hunsperger and family, Mr. and Mrs. Alvin Hunsperger and family, Mr. and Mrs. Allen Hunsperger and family, Mr. and Mrs. M. Ryckman and family, Mr. and Mrs. E. Sherrick and family, Mr. Sam Witwer and son, Mr. and Mrs. Dave Witwer and family, Three Hills, Alta.; Mr. and Mrs. N. P. Good and family, Lethbridge, Alta.; Mr. and Mrs. Joe Witwer and family, Sunnyslope, Alta.; Mr. and Mrs. Dan Witwer, Acme, Alta.; Mr. and Mrs. J. Witwer, Acme, Alta.; Mrs. L. Dockstader and Esther, Mr. and Mrs. T. Murphy and family, Mr. and Mrs. D. Russell and family, Mr. and Mrs. L. Levagood and Thelma, Mr. and Mrs. Harry Levagood and family, Mr. and Mrs. Ira Levagood and family, Mr. and Mrs. Isaac Hunsperger and family, Mr. and Mrs. Amacher and family, Mr. and Mrs. Geo. Ryckman, Mr. and Mrs. Eph. Shantz, Mrs. A. Cressman, Clara and Reta Cummings, Mr. and Mrs. Fleming, Mr. and Mrs. Ed. Weber and family, Mr. and Mrs. M. Cressman, Mr. and Mrs. J. Farr and family, Airdrie, Alta.; Mr. and Mrs. A. Otto and family, Carstairs, Alta.; Mr. and Mrs. Wm. Harter, Carstairs, Alta.; Miss M. Huebner, Mr. Norman Good, Carstairs, Alta.; Mrs. J. Good, Sr.

Will Again Open Up In Business In Didsbury

Mr. C. Hiebert, one of our old time business men again arrived in Didsbury last week and according to an interview given to the PIONEER he intends to again make Didsbury his headquarters.

Mr. Hiebert has been in the Peace River country farming for the last four years and has returned to town to renew old friendships and form a new business. He has opened up new offices in the Leuszler block and will act as manufacturers' agent and will also take listings of real estate as well as establish connections to assist those who want to buy or sell in this district. He will open up under the old firm name of C. Hiebert & Co. and hopes that he will have the well wishes of the people of the district as well as in his old home town, the town of Didsbury.

Extraordinary Weather

Three months of very dry weather with the thermometer going up over 90 degrees within the last week or two, with crops and pasture beginning to need moisture, the weather in this district suddenly changed beginning with a shower and thunderstorm on Thursday last when several telephones and electric light installations were put out of business and culminating on Tuesday last with a heavy snowstorm and very cool weather.

Old timers have a saying that it snowed every month in the year except July in the earlier years and such men as Ed. Weber, who has been here for twenty-three years, never remember having had snow in July.

Of course there is a bright outlook to this storm so long as it does not freeze. It will do a tremendous lot of good to the pasture and late crops and will likely be the means of changing the season for crops of all kinds that are not completely gone into a fairly good one.

Are We Not All Alike?

To those in the country who feel the pinch and pain of the Military Service Act now, especially to those who felt secure in the exemption papers they carried and the promises of exemption they had, and in that personal security voted to send town boys to the trenches, let us say that the pain you feel is exactly the same as the pain town folks felt; the loss of your boy's help is exactly the same to you as the loss of the town boy's help was to town men. The sadness you mothers feel now is exactly the same as the sadness felt by mothers in town and village cottages as their boys were called from shop or factory or school. We are all a great big family with common hopes and common aims. What a pity we fail to have common sympathies.—Lanark Era.

AROUND THE TOWN

Mr. and Mrs. W. G. Liesemer returned from their holiday at Banff on Tuesday.

Mr. J. McGhee, Sr., left on Tuesday evening for a visit to Vancouver and other coast points.

Miss Clara Cummings, assistant postmistress, is spending a two weeks vacation at Edmonton.

Miss Ida Gertz and Miss Pearl Ruby will have charge of the Red Cross lunch on Friday afternoon.

Mr. Frank Brower, manager of the Olds Gazette, was a visitor in town on Tuesday and made a friendly call on the Editor.

Capt. H. J. Clarke, C. A. D. C., is visiting Dr. and Mrs. Clarke, but unfortunately was taken sick when he first came up. However he is now recovering.

The Evangelical Sunday School will observe Children's Day next Sunday at 2.30 p.m. A good programme is being prepared. A cordial invitation is extended.

The postal clerks and mail carriers in all cities from one end of Canada to the other are out on strike. A dispute with the government in regard to increase in salaries is the cause. If you do not receive any mail for a few days you will now understand the reason.

We still have those handsome and handy little certificate holders for ladies or gentlemen for sale. Don't fail to get one as 25c spent now will perhaps save you considerable trouble through the loss of your certificate. The DIDSBURY PIONEER.

Mr. and Mrs. M. W. Low and Miss Pearl Low, of Carmangay, Alta., and Mr. I. Low and Miss Lizzie Low, of Fort Benton, Mont., who were visiting with Mr. and Mrs. J. M. McGhee for some days last week, returned home on Monday last. The whole party motored to Didsbury from Fort Benton.

Mr. Owens, Sanitary Engineer of the Dept. of Public Health, Edmonton, was in Didsbury on Friday last and inspected the premises of the Crystal Dairy Co. He recommended that a covered drain be put in from the Creamery to the coulee and that the Company and the town get together and make it a joint affair. Good advice.

SKIN TROUBLE FOR 25 YEARS

On Hands and Fingers. Could Not Work. Cuticura Healed.

"After vaccination I was affected with skin trouble on my left arm and later it set in on both hands and my fingers. I suffered so much I was unable to do any kind of work, and it used to keep me awake at night. I suffered an awful itching and burning, and my fingers were swollen."

"I had the trouble over twenty-five years when I read of Cuticura Soap and Ointment. I tried it with success so I bought more, and now my hands are healed." (Signed) Miss A. Cadieux, Chambly, Canton, Que., Mar. 25, '17. Use these super-creamy emollients for every-day toilet purposes and prevent these distressing troubles.

For Free Sample Each by Mail address post-card: "Cuticura, Dept. A, Boston, U. S. A." Sold everywhere.

Taking No Chances

"In Heaven," promised the colored evangelist, "there will be great banquets and sumptuous feasts."

"Yeh—uh huh—dat's fine," commented a dusky negress in the audience, "but tell me, young feller, who's gwine wash dem dishes, huh?"

WELL SATISFIED WITH BABY'S OWN TABLETS

Mrs. Edmond Gagne, Tikeup, Que., writes:—"I am well satisfied with Baby's Own Tablets. They are absolutely necessary in homes where there are little children. They cured my baby of constipation and I would not be without them." Thousands of mothers always keep a box of Baby's Own Tablets on hand as a safeguard against constipation, colic, colds, simple fevers or any other of the minor ills of little ones. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Johnnie Knows

Teacher—"Do you know, Johnnie, where shingles were first used?"

Johnnie (modestly)—"I'd rather not tell."—Milestones.

Minard's Liniment Cures Diphtheria.

Protecting Cattle Against Lightning

A number of losses in cattle by lightning have been caused by the electric current passing along fence wires against which cattle sometimes huddle during a storm. As a protection against this a writer in an American farm journal recommends the grounding of fence wires.

To secure the best results the ground wires, this writer says, ought to be placed about every 100 feet apart and stapled closely to the posts in order to make a contact with every one of the line fence wires. The ground wires should also extend slightly above the fence posts on the order of lightning rods, and should penetrate the soil far enough to reach moist earth.

Civilian Army Behind Lines

Plan to Carry Out Engineering Work and Release U. S. Soldiers

Far-reaching plans for the organization in France of a civilian labor force to carry out engineering work behind the lines thus releasing American soldiers for duty at the front, were announced recently. Already more than 16,000 French, Italian and other laborers free from military obligations have been engaged and put to work on some of the approximately one thousand engineering construction and reconstruction jobs on which Americans were being employed.

The move is the initial step in a plan long contemplated and discussed to free tonnage for other purposes by creating a civilian army behind the lines which may eventually total a quarter of a million men, entirely, if possible, recruited from abroad. This will make it necessary to import American civilian labor. The men already procured comprise a dozen nationalities, including Chinese, and the Moroccans, who are being shipped to France as rapidly as the Americans need them.

The Western Members

Manifest Wholesome Unconcern and Disregard of Party Shibboleths

It is significant that the radical Westerners have proved the steady force of the new war parliament. They are very closely in touch with the spirit and sentiment of the people. They have the right conception of the supreme purposes of the present parliament. They manifest wholesome unconcern and disregard of party shibboleths and political expediencies. They sweep aside or trample over shrewd attempts to play politics. With them the war comes first. Its efficient and effective prosecution to the full extent of the country's resources and energies is their direct concern. And immediately back of this dominating duty they place the national interests and progressive policies calculated to improve the position and power of the people.—From the Toronto Globe.

The Appetite of Youth Quickly Restored

Appetite is useless unless digestion is good. Dr. Hamilton's Pills make tremendous appetite and keep digestion up to the mark as well. The liver, bowels and kidneys are stimulated, the stomach strengthened, and robust health quickly follows. Dr. Hamilton's Pills instill vigor and snap into the system. You'll forget you have a stomach, forget your days of sickness if Dr. Hamilton's Pills are used. Insist on having Dr. Hamilton's Pills, 25c per box, no other medicine so good.

Million War Women Now in Britain

Remarkable Development in Work Done by Them in Last Fourteen Months

Speaking at the London exhibition of women's work in munition production, Frederick George Kellaway, secretary to the minister of munitions, said that in every one of the defensive measures taken when a raid on London is carried out the women have taken their part, except in the actual flying of aircraft.

The development which had taken place in women's work during the last 14 months, continued the secretary, was quite as remarkable as its development at an earlier period of the war. In July, 1914, he stated, there were 220,000 women engaged in munition industries, while in January, 1917, that number had been increased to 691,000, and today their number was 1,000,000. A steady stream of trained women was being sent into the munition factories from training schools at the rate of 500 a week. Since the ministry of munitions had started the schools, said the speaker, between 40,000 and 50,000 trained women had been placed in munition industries.

It Seemed Like It

Lecturer—The idea of eternity, my friends, is something too vast for the human mind to conceive.

Voice from the Audience—Did you ever pay for a \$700 piano on the installment plan?—Life.

Just Landed

Grace—I told him he mustn't see me any more.

Her Brother—Well, what did he do?

Grace—Turned out the lights.

A Careful Witness

The farmer alleged that a freight train of the defendant company had hit one of his mules. "Now, Mr. Jones," said the attorney for the corporation to the farmer, "will you kindly tell the court whether or not your mule was on the track when hit by the train?"

"Well," replied the farmer. "This was a bright mule, and I reckon if that train had took out after him in the woods which fringe the track there where he was killed, he would have got behind a tree!"—Farm and Home.

LIFTS OFF ANY CORN WITHOUT PAIN

Once you get a few drops of Putnam's Extractor on a sore corn, you realize what a boob you've been to wait so long before using the one painless and sure corn remedy.

Putnam's shrivels up a corn nightly quick; peels it right off the toe, acts entirely without pain, and never fails even on the oldest and toughest of corns. For a real cure get Putnam's; costs but a quarter at the druggist.

No Thoroughfare

Barring the Path of the Hun on the West Front

All things are possible with faith, as the French proved at Verdun and our old regular army at Ypres; and here there is a two-fold faith. There is the nation's faith in its chosen and beloved children, and those children's faith in all that is noble and true. Through them "heroism has been born such as history has never known." Their task is hard and heavy, but they have shown already that there burns in them "something high and resplendent which one associates with the stories of old saints or heroes," and this will bring them through. The French at Verdun swore, "They shall not pass!" Our men use homely language. "No thoroughfare" is their motto; and they will make it good.—London Daily Mail.

He Knew

"The government may take over what is considered excess profit."

"What is excess profit?"

"Getting more than you earn."

"There goes my salary," wailed Congressman Fludd. — Omaha News.

OUR BOYS IN EUROPE AND HOME PROTECTION

The men on the firing line represent the pick of our country's youth. Many were rejected because of physical deficiency. Many times the kidneys were to blame.

If we wish to prevent old age coming on too soon, or if we want to increase our chances for a long life, Dr. Pierce of the Surgical Institute, Buffalo, N. Y., says that you should drink plenty of water daily between meals. Then procure at a drug store, Anurie (double strength). This "An-u-rie" drives the uric acid out and cures backache and rheumatism.

If we wish to keep our kidneys in the best condition a diet of milk and vegetables, with only little meat once a day, is the most suitable. Drink plenty of pure water, take Anurie three times a day for a month.

Send Dr. Pierce 10c for trial pkg. Anurie—many times more potent than lithia, eliminates uric acid as hot water melts sugar. A short trial will convince you.

Preston, Ont.—"I am pleased to express my experience with Anurie. I have been troubled with rheumatism in right limb and hand for several years, and lately in left shoulder. The only way I could lie was on my back. I had great difficulty to sit down and more to get up. Lately I had a very severe pain in my back. I have taken Dr. Pierce's Golden Medical Discovery several times with the most satisfactory results, so I concluded to give his Anurie Tablets a trial. The pain in limb and shoulder has stopped entirely and in right hand it is very slight and getting less all the time. I can now sit or lie in any position I wish without discomfort or pain. I recommended the Anurie Tablets to two parties and they both claim decided improvement. I certainly will recommend them to any one troubled with the kidneys; there is nothing nearly so good; I tried them all."—George Boos, cor. Duke and Waterloo.

Submarine Cable Relaying

Islands Must Be Found for Relay Stations

The longest continuous stretch of submarine cable now working, that is, without relay, is 3,458 nautical miles—that from Vancouver to Fanning Island in the Pacific, and the average distance without relay is much less than this. It is evident, therefore, that on the long transoceanic cables such as those across the Pacific, islands must be found for relay stations. This explains the rivalry of certain European nations for the possession of small, solitary islets, scarcely more than mere rocks, and useless except for just such a purpose as this. This was the reason for Germany's acquisition of the Caroline and Marianne islands, and later of one of the Samoa group, at the time of our war with Spain. Similarly, England is to be found in possession of conveniently placed islands all over the world.—The Americas.

Miller's Worm Powders are a prompt relief from the attacks of worms in children. They are powerful in their action and, while leaving nothing to be desired as a worm expellant, have an invigorating effect upon the youthful system, remedying fever, biliousness, loss of appetite, sleeplessness, and other ailments that follow disorders caused by worms in the stomach and bowels.

Germany's Gloomy Future

Hun Professor Sees Little Hope After the War

At a meeting of the Farmers' League of Munich, the well-known Bavarian agrarian leader, Dr. Heim, sombrely pictured the economic future of Germany, stating that the stock of cattle had been depleted and the soil exhausted. It was self-deception to believe that pre-war conditions could ever return. Rebuilding would take decades and Germany would be unable to export the goods needed. Some salvation lay between free trade and compulsory state control, Dr. Heim opined.

A Medical Need Supplied.—When a medicine is found that not only acts upon the stomach, but is so composed that certain ingredients of it pass unaltered through the stomach to find action in the bowels, then there is available a purgative and a cleanser of great effectiveness. Paracel's Vegetable Pills are of this character and are the best of all pills. During the years that they have been in use they have established themselves as no other pill has done.

Not Even Honor Among Thieves

The next thing in national damage to being Germany's enemy is being Germany's ally. The Austrians, impoverished and hungry, threatened with the disintegration of their empire, shamed in the eyes and hated in the hearts of the world, know what that means. The Bulgarians are just finding it out in their turn.—Boston Transcript.

There may be other corn cures, but Holloway's Corn Cure stands at the head of the list so far as results are concerned.

Hay in High Explosives

The statement has been made by a representative of the government that 5 million tons of coarse and grassy hay will be required this year in the production of a filler in the manufacture of high explosives. This hay is thoroughly macerated and 20 per cent. of the bulk of the explosive is said to be made of the resultant fibre, replacing the cotton formerly used. There are many places where such coarse, mixed hay may be grown, but where hay suitable for feed is difficult to produce.—Scientific American.

I fell from a building and received what the doctor called a very bad sprained ankle, and told me I must not walk on it for three weeks. I got MINARD'S LINIMENT and in six days I was out to work again. I think it the best Liniment made.
ARCHIE E. LAUNDY.

Edmonton.

Hence the Spider

The lawyer had been away in the country calling upon a client, but on his return there were signs of loafing and laziness on the part of the junior clerk.

"Thomas, that typewriter has not been touched today!" snapped the man of law.

"Oh, sir," ejaculated the junior, "why, I was using it only an hour ago!"

"Then," thundered the employer, "how comes it that there's a spider web on the machine and that he's woven a web over the keyboard?"
"Sir," remarked the lad, "I'll tell the truth. There was a fly in the works of the machine. Rather than waste my time in entrapping the insect, sir, I—er—introduced the spider, sir!"

Real Poverty

Poverty is a variable term, and much subject to comparison. Some will allow it only to those who have been born to it. To have been always half-starved, these think, and to carry a basket from door to door—that is to be poor. But it is idle to think of cold and hunger to the point of beggary as the only cold and hunger there are. Not alone are there degrees of cold and hunger of the body—discomfortable and ill-nourished living—but there are, as well, things which seem to me even more difficult to endure—unsatisfied hunger of the mind and heart and a most cruel and persistent chill of the spirit.—Laura Spencer Porter, in the Atlantic.

Ingram's Milkweed Cream

When youth takes flight on the wings of years beauty of complexion goes too, unless you give your skin proper and daily care. Use of Ingram's Milkweed Cream will enable you to appear youthful when you are no longer young. Its distinctive remedial effect upon the tissues of the skin keeps the complexion colorful, soft and free from blemish. It does actually "healthify" and beautify your complexion. Since 1885 there's been nothing else "just as good." Take no other.

Warm days, household work, and kitchen heat, all cause perspiration and shiny, oily skin. You can avoid this by using Ingram's Vaseline Souveraine Face Powder. It blends perfectly with the complexion. A light touch hides little blemishes, makes your complexion smooth, soft, and flawless. A full line of Ingram's toilet products, including Zedania for the teeth, is at your druggist's.

Admits German Fleet Can't Close English Channel

Admiral Hollweg Tells Critics It Would Be Suicide to Attempt It

"Suicide" is the word used by the German naval authorities to describe what it would mean for the kaiser's navy to attempt to interfere with the transport of allied troops and munitions across the English Channel.

According to German papers considerable irritation has been caused in Germany by the rapidly with which England has been throwing men into France, and criticism has been directed at the admiralty. In a vigorous defence, Rear Admiral Karl Hollweg points out that the activity of the German navy is subject to certain geographical limitations.

"A voluntary attempt to remove these limitations," he argues, "would signify a heroic but useless suicide for the German fleet. The distance from German harbors is too great for the regular and frequent attacks which alone could cause continuous interruption of Channel traffic. A small German ship cannot long remain in the Channel, for submarines and mines would reap a rich harvest among it and, after being cut off, it would be compelled to accept battle with overwhelming British forces in unfavorable circumstances."

Even German submarines, according to their commanders, writes Captain von Kuhlthier in the Berlin "Lokal Anzeiger," find that attacking transports is especially difficult in the Channel.

His Life Sentence

Bill and 'Erny had not met for some time, when quite unexpectedly they came across each other in the street. Noticing that his chum was looking downcast, Bill clapped him on the back and said:

"Wot cheer, 'Erny? How are yer gettin' on? Still workin' for the same people?"

"Yes," was 'Erny's sad reply. "Wife, mother-in-law and ten kids."

—Answers.

Put Into Practice

Care of Young Stock

Give Calf Good Start During the Summer

The calf shows very quickly the effects of poor care, and this often occurs during the summer months because of the pressure of other work, although it is really much easier to keep a calf thrifty in summer than in winter. Calves grown on farms should have grass pasture provided for them and should be fed some grain, preferably oats, during the first five months of their life. In taking them from the cow and raising them by hand on skim milk, you are preventing them obtaining butterfat, which is a natural part of the food of a young animal. You must replace this, insofar as it can be replaced, by the use of a grain rich in oil fed to the young animal on grass, the grass itself, taking the place of the butter fat in milk to a small extent. A calf grown upon skim milk, grass, and a small amount of oats, will be a profitable, healthy, strong, and rapid growing animal, while a stunted calf will require much more feed next winter to get him started towards making good gains.—G. F. Morton, Colorado Agricultural College.

Has been Canada's favorite yeast for more than forty years.

Enough for 5c. to produce 50 large loaves of fine, wholesome nourishing home made bread. Do not experiment, there is nothing just as good.

EWGILLET CO. LTD.

WINNIPEG, MONTREAL

Fruit Growing On the Prairie

Many Farmers Have Had Considerable Success With Apples

Those farmers who have devoted any attention to fruit culture have established the fact that the smaller fruits can be grown successfully on a commercial scale in most parts of the Prairie Provinces of Canada. Currants, raspberries, strawberries, Saskatoons, gooseberries and similar fruits grow wild on the prairie, and when placed under cultivation yield very profitable crops. Many farmers have also had considerable success with apples and other fruits. During the last four years at the government Experimental Farm at Lacombe, Alberta, some ten or twelve different varieties of crossbred apples have been brought to maturity, last season being the third year in succession in which these trees bore fruit. They also grew very satisfactory crops of raspberries, currants and strawberries, year after year on this farm. The raspberries grown here in 1915 were worth more than \$500 per acre. There are, however, instances on record of raspberries in Western Canada yielding a net profit at the rate of over \$800 an acre. These are excellent results for a phase of farming that has only received a particle of the attention it deserves.

An idea of the quality of the fruit grown in Western Canada may be gathered from the fact that a large proportion of the small fruits used in the dining cars and on the hotel systems of the Canadian Pacific Railway—where only the finest qualities would be acceptable—are grown on the company's supply farm at Strathmore, Alberta.

BLOODLESS WOMEN

Feel Weak, Depressed and Worn Out All the Time—Do Not Eat Well or Sleep Well

It is an unfortunate fact that nine women out of ten are victims of bloodlessness in one form or another. The girl in her teens, the wife and mother, the matron of middle age, all know its miseries. To be anaemic means that you are breathless after any slight exertion—you feel depressed and worn out all day. You turn against food and cannot digest what little you do eat. At night you do not sleep well and in the morning you wake up tired and feeling unfit for the day's duties. Perhaps there are splitting headaches, or pains in the back or side. Often a feeling of dizziness and despondency. These are the signs of anaemia, or bloodlessness. There may be but one or two of these signs noticeable, but the more there are the greater are the ravages of the trouble. There is only one way to cure anaemia, and that is by increasing and enriching the blood supply, and there is only one medicine can do this speedily and effectively—Dr. Williams' Pink Pills. These pills purify the blood. It is in this way that thousands and thousands of weak, ailing girls and women have been restored to the joy of energy and good health through their use. Give these pills a fair trial and you will enjoy that health and strength that is the birthright of every woman. Mrs. W. H. Neff, Hughes avenue, Toronto, says:—"For several years I suffered from a weak and watery condition of the blood. At times I would be so bad that when I walked up stairs I would have to sit on the top step and rest. Sometimes my face would swell to about twice its natural size, and at other times my feet would swell so that I could not put my shoes on. Frequently I would take fainting spells, and was wholly unfitted for any work. I was under a doctor's care most of the time, and if I felt better for a time it was only to have the trouble worse than before. While in this condition I was visiting a friend who had great faith in Dr. Williams' Pink Pills, and she got me three boxes. By the time I had taken these I felt so much better that I got six more boxes, and before I had taken them all I was again enjoying the best of health; had increased in weight, my appetite improved, and I have not had a symptom of a relapse to the old pitiable condition."

You can get Dr. Williams' Pink Pills from any dealer in medicines, or by mail at 50 cents a box or six boxes for \$2.50 from Dr. Williams' Medicine Co., Brockville, Ont.

Boys and Girls Helping

More than 4,000 boys and girls, who are members of the Manitoba Agricultural College Extension Course, will plant gardens this year. In addition, over 2,000 will raise chickens, 635 will raise hogs and many will go in for calf raising.

CORNS LIFTED OUT WITH YOUR FINGERS!

You get real action on a bad corn when you touch it with a drop or two of Putnam's Extractor. Out comes the corn, all shriveled up, peels right off the toe, roots and all. It sure is real happiness to get an old offender removed so quickly. Putnam's never fails, doesn't hurt when you're using it, never hurts afterwards. Nothing else so quick, so sure or painless. Costs but a quarter in any drug store. Get Putnam's today.

Stimulating Production In Manitoba

Farmers Assisted in Obtaining Better Seed Supplies

Excellent work has been done by a staff of about forty special workers sent out by the Manitoba department of agriculture during the latter part of April. With a view to increasing the number of acres to be broken this season, these men, who are all experienced farmers, were sent to districts where they were well acquainted in order to give special encouragement. Their instructions were not so much to exhort in any public way greater production, but to ascertain conditions on individual farms, and if found possible, through co-operation or in any other way, to assist production, to see that assistance was given.

In a number of cases farmers have been assisted in obtaining better seed supplies than they possessed. The returns also indicate that through personal encouragement of the representatives to individual farmers to break up new land, production will be appreciably increased, especially during the year 1918.

Cheapest of All Oils.—Considering the curative qualities of Dr. Thomas' Electric Oil it is the cheapest of all preparations offered to the public. It is to be found in every drug store in Canada from coast to coast and all country merchants keep it for sale. So, being easily procurable and extremely moderate in price, no one should be without a bottle of it.

Expensive Roast Beef

A charge of about \$15 was made lately in a Berlin restaurant for a single portion of roast sirloin. This is according to a German newspaper. The restaurant proprietors, the paper said, maintained that the price was not too high for a substantial piece of meat with vegetables.

Minard's Liniment Cures Distemper.**No Objection**

Former Mayor Mitchell of New York was talking at a dinner about office seekers.

"A good man had just died," he said, "and with unbecomingly haste an office seeker came after his job."

"Yes, sir, though the dead man hadn't been buried, yet this office seeker came to me and said, breathlessly:

"Mr. Mayor, do you see any objection to my being put in poor Tom Smith's place?"

"Why, no," said I. "Why, no, I see no objection, if the undertaker doesn't."

—Washington Star.

Keeping Milk Sweet

Thunder Storms Won't Sour Milk That Is Properly Cared For

There is a widespread belief that thunder sours milk, for testimony is not lacking that after a severe electrical storm, milk that should have been sweet is found to have soured. It is quite natural that the souring should be attributed to the thunder but we shall need to look elsewhere for the cause of this phenomenon. Souring is caused normally by the acidity which results from bacterial growth and sterilized milk will not sour in a thunder storm. Neither will milk that is kept on ice during storms of this kind unless the temperature is raised sufficiently to favor multiplication of milk-souring bacteria where the temperature is not regulated by the use of ice.—W. H. Feldman, Colorado Agricultural College.

On: More Added To The Great Army

WHO ARE SHOUTING THE PRAISES OF DODD'S KIDNEY PILLS

Saskatchewan Man's Kidney Trouble Developed Into Diabetes—Story of His Complete Cure.

Strong Pine Sask. (Special).—Sore back, which developed into diabetes, had made life a burden to Maxim F. Capusten, a farmer of this place. Dodd's Kidney Pills cured him, and he is added to that great army of Canadians who glory in telling their neighbors that Dodd's Kidney Pills are the one sure remedy for all kidney ills.

"For nearly five years I suffered from sore back and headache," Mr. Capusten says, in giving his experience. "I had a bad taste in my mouth in the mornings, and I was always tired. My muscles would cramp, and I was nervous, and the least exertion would make me perspire freely. At last diabetes developed."

"I finally came to the conclusion that my kidneys were the cause of my trouble, and decided to try Dodd's Kidney Pills. I got half a dozen boxes, and before I had finished taking them I was completely cured."

"I advise anyone suffering as I did to use Dodd's Kidney Pills." All Mr. Capusten's troubles came from diseased kidneys. They speedily ceased when he commenced to use the one sure help for diseased kidneys—Dodd's Kidney Pills.

Bewildering

Crawford—Your wife seems to be all tangled up in her housekeeping. Crabshaw—You see, she tries to follow all the so-called useful hints in the women's magazines.—Life.

This is to certify that fourteen years ago I got the cords of my left wrist nearly severed, and was for about nine months that I had no use of my hand, and tried other Liniments, also doctors, and was receiving no benefit. By a persuasion from a friend I got MINARD'S LINIMENT and used one bottle which completely cured me, and have been in my family ever since and find it the same as when I first used it, and would never be without it.

ISAAC E. MANN,
Metapedia, P. Q.

Aug. 31st, 1908.

Hubby's Name Not Suitable

The newspaper wits have a lot of fun with the name of Mrs. Carrie Chapman Catt, the suffragist, and particularly when they combine her first and last names. So a friend suggested:

"Why don't you adopt your husband's name, Mrs. Catt?"

"My dear," replied Mrs. Catt, "do you know what it is? Thomas Catt!"

Reduced by Asthma. The constant strain of asthma brings the patient to a dreadful state of hopeless exhaustion. Early use should be made of the famous Dr. J. D. Kellogg's Asthma Remedy, which more than any other acts quickly and surely on the air passages and brings blessed help and comfort. No home where asthma is present in the least degree should be without this great remedy.

Repatee

At a busy crossing in Edinburgh a cabman was stopped by the traffic cop.

The cop, evidently proud of his authority, kept the cabby waiting longer than necessary.

The cabman started to go ahead, regardless.

"Did you not see me holding up my hand?" roared the policeman.

"Well," said the cabby, "I did notice that it commenced to get dark suddenly, but I didn't know it was your hand. Ye see, it's takin' all me time to keep me horse from shying at your feet."

Church Must Move "What are they moving the church for?" "Well, stranger, I'm mayor of these diggins, an' I'm fer law, order, an' enforcement. We've got an ordinance that says no saloon shall be nearer than 300 feet from a church. I give 'em three days to move the church." —Grit.

WOMEN ARE NEEDED TO HELP IN WAR

Women can be usefully employed in nursing the wounded, in making up the soldiers' kits, and a thousand other ways. Many Canadian women are weak, pale or anemic from woman's ills. For young girls just entering womanhood; for women at the critical time; nursing mothers and every woman who is "run-down," tired or over-worked—Doctor Pierce's Favorite Prescription is a special, safe and certain help. It can now be had in tablet form, procurable at any good drug store, or send Dr. Pierce, Invalids' Hotel and Surgical Institute, Buffalo, N. Y., 10 cents for trial package. Branch office, Bridgeburg, Ont.

St. Catharines, Ont.—"I have taken Dr. Pierce's Favorite Prescription during expectancy when I felt especially in need of a tonic and it benefited me greatly. I always take pleasure in recommending 'Prescription' to young mothers, because I know it will never fail to help them."—Mrs. J. H. FAWCETT, 8 Beach St.

Stratford, Ont.—"I do think Dr. Pierce's Favorite Prescription one of the best medicines I have ever known for the ailments of women. I had for quite a long time been all run-down, weak and nervous. I doctored, but nothing seemed to give me relief until I began taking 'Favorite Prescription.' This medicine gave me such wonderful relief that I am glad to recommend it to others."—Mrs. A. GODWIN, 60 Brant St.

Everybody Must Work

The loafers and merely nominal workers of the North American Continent have fallen upon evil days. Both in Canada and the United States, the law has now set its face severely against them. On July 1st the United States Federal Order, as drawn up by Provost Marshall Enoch Crowder, went in effect. All men of draft age, that is between the ages of eighteen and fifty have now to be engaged in some productive employment or get into the army. This Federal Order is being re-enforced by anti-loafing

laws, enacted by the State Legislatures.

The Provost Marshall has defined productive and non-productive occupations and there is no escape for those who cannot be classed among the productive workers if they are of draft age. Non-productive occupations in the United States are defined as follows:

First, persons engaged in the serving of food and drink or either in public places, including hotels and social clubs.

Second, passenger elevator operators, attendants, and footmen, carriage openers and other attendants in clubs, hotels, stores, opera houses, office buildings and bath-houses.

Third, persons, including ushers and other attendants engaged and

occupied in connection with games, sports and amusements, except actual performers in legitimate concerts, operas and theatrical performers.

Fourth, persons employed in domestic service.

Fifth, sales clerks and other clerks employed in stores and other mercantile establishments.

If a man of draft age registered in due course and waiting his selection for the draft be not employed in productive occupation, or if he be idle partially or completely, he must hold himself on immediate call for the army. The regulation is applicable to idle registrants, to gamblers of all descriptions and employees of race tracks and bucket shops, to fortune-tellers, clairvoyants, palmists, and people of such vocations. If the board of appeal so judge, idlers may have their deferred classification withdrawn and their names will be reported to the Adjutant General of the State for military service.

In the state of New York, the sheriffs, state police, district attorneys, magistrates, other officers of the law, and the State Industrial Commission, under the State anti-loafing legislation, are combined to enforce the Federal order and assign men where necessary to jobs of a productive character. It is estimated that 1,000,000 will change their employment as the result of this order of General Enoch Crowder. It is pointed out, however, that no man should give up his present employment, even though of the non-

productive class, until he has either procured work at an essential industry or such work has been procured for him, as it is recognized that a man employed at non-essen-

(Continued on last page)

Kaiser's Talk With the Devil

The Kaiser called the Devil up
On the telephone one day;
The girl at central office listened
To all they had to say:

"Hello," she heard the Kaiser's voice,
"Is old man Satan at home?
Just tell him it is Kaiser Bill
That wants him on the phone."

The Devil said "Hello" to Bill,
And Bill said "How are you—
I'm running here a hell on earth,
So tell me what to do."

"What can I do," the Devil said,
"My dear old Kaiser Bill,
If there's a thing that I can do
To help you sure I will."

The Kaiser said "You listen
And I will try to tell,
The way that I am running
On earth a modern Hell."

My army went through Belgium,
Shooting women and children down;
We tore up all her country,
And blew up all her towns.

My zepps dropped bombs on cities,
Killed both old and young;
And those the zepps didn't get,
Were taken out and hung.

I started out for Paris,
With the help of poison gas;
The Belgians, damn 'em, stopped us,
And would not let us pass.

My submarines are devils—
Why, you should see them fight;
They go sneaking through the ocean,
And sink a ship at night.

I was running things to suit me,
Till a year or so ago;
When a man named Woodrow Wilson,
Wrote me to go more slow.

He said, dear William,
We don't want to make you sore,
So be sure to tell your u-boats
To sink our ships no more.

We have told you for the last time,
So dear Bill it's up to you;
And if you do not stop it,
You have got to fight us too.

I did not listen to him,
And he's coming after me
With a million Yankee soldiers,
From their homes across the sea.

Now that's why I called you, Satan,
For I want advice from you;
I know that you can tell me,
Just what I ought to do."

"My dear old Kaiser William,
There's not much for me to tell—
For the Yankee's will make it hotter
Than I can for you in Hell."

I've been a mean old Satan,
But not half so mean as you;
And the minute that you get here,
I'll give my job to you.

I'll be ready for your coming,
And I'll keep the fires all bright;
And I'll have your room all ready,
When the Yanks begin to fight.

The boys in khaki will get you,
I have nothing more to tell,
Hang up the phone and get your hat,
And meet me here in hell.

By Pat Elmer Knight, Company
114th Engineers, Camp Beauregard,
U. S. A.—Contributed.

ADVERTISE Where Your Customers Are

It seems elementary that sales energy should be concentrated in this district where the goods you advertise can be purchased.

THE PIONEER offers you 500 good reliable families in this district that are willing and do buy immense quantities of merchandise. They have been educated to buy from those firms that are not afraid to quote their merchandise through advertisements and you can't hold them responsible for doing business with the firms who are progressive enough to use the force of publicity. Be honest, tell the truth and your advertisement in the PIONEER will bring business too.

To get our rates, all you have to do is ask. Will you do it today.

Train Ferry for English Channel
Inauguration Indicates That the Difficulties Have Been Overcome

For the first time in the history of railroading a train ferry has crossed the English channel from Newhaven, England, to Dieppe, France, carrying about 50 cars. Since early in the war thousands of British railway cars have been employed in France in transporting troops and supplies, but they have all been transferred to the continent by freighters. The inauguration of ferry service indicates that the difficulties created by very pronounced tides have been overcome at last to the mutual advantage of these two allies. At Dieppe the water level varies as much as 31 feet. To overcome this, short bridges, attached at one end to the dock and resting on large floats, are employed. During loading and unloading the ferry is chained to the float and dock pier as well. The two smokestacks are located one at either side of the craft, leaving space for tracks down the centre of the dock.—Popular Mechanics Magazine.

Dead Sea is Now British

Has Been British Property Since the Capture of the City of Jerusalem

Speaking of control of the seas, one of them—the Dead Sea of the scriptures—has been British property since the capture of the city of Jerusalem, which is near to its shores.

But the Dead Sea, of which the River Jordan is the principal affluent, is a salt lake, 47 miles long and 9½ miles wide, though its depth (occupying as it does a big chasm in the earth's surface) is 1,272 feet. Its surface is a quarter of a mile lower than that of the Mediterranean and it has no outlet. The water of the Dead Sea is so heavily laden with salt that no fish can live in it.

To the view, however, it is not unattractive. On the contrary, it is one of the most beautiful lakes in the world—sapphire blue in color, with sparkling wavelets, and surrounded by mountains of a spectacular picturesqueness.

Geologists maintain that a jet of petroleum which is found near by, caught fire in remote ages, and the explosion of internal reservoirs created a vast crater over which the Dead Sea rolls. This may have involved the ruin of Sodom and Gomorrah, referred to in the Book of Genesis.

Strong Enough To Do Homestead Duty

SIDNEY BENT GIVES THE CREDIT TO DODD'S KIDNEY PILLS

Six Years Ago He Had Kidney Disease So Bad His Friends Said He Would Not Live Long

Lydiard, Sask.—Strong and healthy and able to do the heavy work of homestead duty, Mr. Sidney Bent, a well-known settler here, is telling his friends of the great benefits he received from using Dodd's Kidney Pills.

"Six years ago I suffered a lot from my back and kidneys," Mr. Bent says. "I tried a lot of medicine and drugs, but kept getting worse, till some of my friends said I would not live long."

"Four years ago I decided to try Dodd's Kidney Pills. After taking the first box I felt so much better I decided to continue the treatment."

"The result is I have been able to do homestead duty for the last three winters."

"I would advise anyone suffering from kidney trouble to take Dodd's Kidney Pills."

Dodd's Kidney Pills have made their reputation by curing kidney diseases and the ills that spring from diseased kidneys. They are no cure-all. But if you are suffering from rheumatism, lumbago, sore back, diabetes or some other form of kidney trouble, ask your neighbors what Dodd's Kidney Pills have done for them.

Care of Baby Chicks

A baby chick reproduces its own weight many times over during the first eight weeks of its life. Proper food, warmth, bedding, fresh air and careful attention are required to permit rapid growth. Green food, mineral food, grit and animal food in proper proportions are necessary, also give baby chicks scratch grains and mash food. Cleanliness is essential.

The Terror of Asthma comes like a thief in the night with its dreadful throttling, robbing its victim of breath. It seems beyond the power of human aid to relieve until one trial is made of that remarkable preparation, Dr. J. D. Kellogg's Asthma Remedy. Then relief comes with a rush. Life becomes worth living, and, if the remedy be used persistently, the disease is put permanently to rout. Take no substitute.

To Win the War

We may as well make up our minds that the only way in which we can defeat Germany and Austria is by a crushing military victory. Any other approach to victory lies only in the dreams of visionaries, except when it is the cunning invention of German propagandists, intended to weaken our armies by slackening our preparations behind the lines. To establish liberty and democracy throughout the world, we must win the war. To win it, we must fight it to a finish.—Rochester Herald.

Sweet and palatable, Mother Graves' Worm Exterminator is acceptable to children, and it does its work surely and promptly.

Telling It to the Marines

A military journal relates an amusing story of a Highlander who, on being shown over a man-of-war for the first time in his life, was keenly interested in all he saw. The marines seemed particularly to impress him, and going up to one, he pointed to the badge on the marine's cap and asked him what it was. The marine, anxious to score off the visitor, looked at him in surprise. "Don't you know what it is?" he asked. "Why, that's a turnip, of course."

"Man," replied the Scot, impatiently, "I was no' axin' about yer hair!"—Ottawa Citizen.

The Way of Honor and Safety

Grim Tenacity of Those Who Held Out to the End

The cost of resistance is heavy, and the sacrifices will be great. But it is the way of honor and the way of ultimate safety for the world. In the Napoleonic struggle some nations obtained temporary respites by submitting to the conqueror and even changing over to his side. But the peace and settled order which they sought was only in the long run obtained by the grim tenacity of those who held out and persisted to the end. We have the same issue before us today with different protagonists, and however long the road and dark the night, we must brace ourselves to resist and endure.—Westminster Gazette.

MAKING YOURSELF WELL AND STRONG

You Can Improve Your Physical Condition by Keeping the Blood Pure

People with strong constitutions escape most of the minor ills that make life miserable for others. Don't you envy the friend who does not know what a headache is, whose digestion is perfect, and who sleeps soundly at night? How far do you come from this description? Have you ever made an earnest effort to strengthen your constitution, to build up your system, to ward off discomfort and disease? Unless you have an organic disease it is generally possible to so improve your physical condition that perfect health will be yours. The first thing to be done is to build up your blood as poor blood is the source of physical weakness.

To build up the blood Dr. Williams' Pink Pills is just the medicine you need. Every dose helps to make new blood which reaches every nerve and every part of the body, bringing color to the cheeks, brightness to the eyes, a steadiness to the hands, a good appetite and splendid energy. Thousands throughout the country whose conditions once made them despair, owe their present good health to this medicine. If you are one of the weak and ailing give Dr. Williams' Pink Pills a fair trial and note the daily gain in new health and abounding vitality. Among those who have proved the truth of these statements is Mrs. Fred Goslin, R.R. No. 2, Ruthven, Ont., who says:—"A few years ago I underwent an operation for a fibroid tumor. I had been ailing so long that I did not gain as the doctors said I should. I was in such a rundown condition that they said it would take me a very long time to recover. But instead of gaining, I was growing weaker, and the doctor said I must go back to the hospital. I did not want to do this, and having often heard of Dr. Williams' Pink Pills as a strength builder I decided to try them. I was greatly surprised at the help I received from them. In three months I was able to go about, and our home doctor expressed his astonishment, as he had not expected me to recover believing pernicious anaemia had set in. It took me about a year to recover my full strength, but ever since I have been doing my own housework, and have to give Dr. Williams' Pink Pills the praise for my present state of good health."

You can get these pills through any medicine dealer or by mail post paid at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

Champions the Conductorette

The conductorette has made the street car more picturesque as well as more agreeable. She has softened the manners of passengers. She is neater and defter than a conductor, and she wears her uniform with a difference. It was a happy accident, if there can be such a thing in war, which called her into being.—Philadelphia Public Ledger.

It Is in Demand.—So great is the demand for Dr. Thomas' Electric Oil that a large factory is kept continually busy making and bottling it. To be in demand shows popular appreciation of this preparation, which stands at the head of proprietary compounds as the leading Oil in the market, and it is generally admitted that it is deserving of the lead.

Kindly treatment is meted out to the German prisoners of war captured by the British, who pay special attention to their captives' feelings. Recently a number of prisoners were being taken to an internment camp near London, when they were photographed by a travelling salesman. The prisoners complained to their guard, and as a result the man was fined five dollars.

\$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Cure is taken internally and acts through the blood on the mucous surfaces of the System, thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Cure that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F. J. CHENEY & CO., Toledo, Ohio. Sold by all Druggists, 75c.

Just Keep Out Air

As the preservation of eggs depends upon rendering their shells impervious to the air, they can be kept for some time by packing them in sawdust, in a wooden box. The eggs should be packed carefully, the small end down, and each egg completely covered with the sawdust.

Minard's Liniment Cures Distemper.

The mint at Ottawa has handled \$1,000,000.000 worth of bullion for the British government and the Bank of England. Its recent enlargement has made it capable of treating 250,000 ounces per week by the chlorine process, and that it is the largest gold refinery in the world.

Depended On the Mule

Johnny Was Well Informed on the Subject

Speaking at a political gathering, Congressman Frederick W. Dalinger of Massachusetts, referred to the many amusing incidents of the schoolrooms, and related a little incident along that line.

A teacher in a public school was instructing a youthful class in English when she paused and turned to a small boy named Jimmy Brown.

"James," she said, "write on the board, 'Richard can ride the mule if he wants to.'"

This Jimmy proceeded to do to the satisfaction of all concerned.

"Now, then," continued the teacher when Jimmy had returned to his place, "can you find a better form for that sentence?"

"Yes, ma'am," was the prompt response of Jimmy. "Richard can ride the mule if the mule wants him to."—Philadelphia Telegraph.

YES! LIFT A CORN OFF WITHOUT PAIN!
Cincinnati man tells how to dry up a corn or callus so it lifts off with fingers.

You corn-pestered men and women need suffer no longer. Wear the shoes that nearly killed you before, says this Cincinnati authority, because a few drops of freezone applied directly on a tender, aching corn or callus, stops soreness at once and soon the corn or hardened callus loosens so it can be lifted off, root and all, without pain.

A small bottle of freezone costs very little at any drug store, but will positively take off every hard or soft corn or callus. This should be tried, as it is inexpensive and is said not to irritate the surrounding skin.

If your druggist hasn't any freezone tell him to get a small bottle for you from his wholesale drug house, it is fine stuff and acts like a charm every time.

Sermon Had Effect

"I was glad to see you at church last Sunday," said the vicar pompously.

"Aye," replied Tommy, "and that sermon of yourn on 'Thrift' had a great effect on me, parson."

"I am very glad to hear it," smiled the vicar. "And how did it affect you?"

Tommy shook his head knowingly.

"I went out before the collection was taken."—The Argonaut.

Convenience

The AutoStop Safety Razor is always ready for use—the edge is uniformly keen and it is a simple matter to keep it so.

It strops, shaves and is cleaned without taking apart.

This explains why the AutoStop is universally used and liked by the boys overseas.

Give your soldier an AutoStop—it's the gift he needs.

YOU HAVE THE RIGHT IDEA

when you always deliver your
Cream, Milk, Eggs, Poultry, Etc.
TO THE
Crystal Dairy Ltd.

The place that has always convinced its patrons of its reliability, is established here with thousands of dollars of an investment to always be an inset to this town and to the Dairy Industry of this locality.

We have men in our employ with from 16 to 20 years' experience and who have Diplomas and Provincial License for Cream and Milk Testing and also for manufacturing milk and cream into many finished products.

We appreciate the co-operation that the dairymen are giving us in patronizing us so extensively and in return we always guarantee you courteous and prompt service. As for prices on Cream our patrons realize that we are well equipped and are paying 1c per lb. Butter Fat more for Sweet Cream than any other firm in Alberta. Sour for churning we will pay equal to any.

The milk price owing to condensing has been from 50c to 60c per cwt. higher than elsewhere in the province.

We want your co-operation Dairymen every day the year round to boost and make Didsbury the largest Milk and Cream centre in Alberta.

Chairman.

AROUND THE TOWN

The live stock in the countries of the Allies in Europe has been decreased by 46,000,000 head since the beginning of the war. Forty per cent. of the hogs in France have been killed, and 35 per cent. of the sheep. It is estimated by French officials that French live stock cannot be restored to the pre-war basis until from five to ten years after the war.

Allied Europe depends on America for fifty per cent. of its food supply. After the war a large proportion of this demand will continue. The whole world is short of food-stuffs. The live stock population has been decreased. Russia has been socially dis-organized, and is not producing enough to feed herself. Farmers of Canada will have an export market for years, such as for which they have never dreamed.

Farmers and others who have to use the blind line east of town are very much pleased with the work being done on this road under the supervision of Mr. Ben Sherk. The hills through the Baker coulee have been cut down considerably and the low places built up and now this road is one of the best in the district. Mr. Sherk has had considerable experience in road building in the mountains from Banff to Summerland which shows in the splendid job he has made of the road east of town.

Talking about good roads, the Provincial Department of Public Works has made a good job of the auto road from Didsbury south, and if the weather had been a little more moist so that it had packed down right after it was made it would have been one of the best pieces of road in the country. As it is it is a great improvement over the old state of affairs. The full value of the money spent was received on this road.

The drouth of the last few weeks did one man a little good anyway. It will be remembered that Dr. Clarke lost two satchels of instruments and drugs in the Dod Pound creek about eighteen months ago. Last week a gentleman passing over the creek noticed the satchels sticking up out of the mud about half a mile south of where they were lost, the creek having dried up considerably this year. He brought them into the Doctor who found the instruments badly rusted and of course the drugs were useless and were thrown away.

The Editor and his son Fred spent the week end with Editor G. R. Westland of the Innisfail Province keeping up a friendship of over 30 years duration. Mr. Westland entertained his visitors with several auto rides through his district and we noted that it was about the same

UNION BANK OF CANADA

**With Cash in the Bank
You Can Buy to
Advantage**

You know how everything costs more when you have to buy on credit. Why not practice self-denial for a while if necessary, open a Savings Account in the Union Bank of Canada, and with the money in hand, buy at Cash prices? The discounts will help to swell your bank balance, and you will have a good start towards financial independence.

WT. Cuncannon, Mgr. Didsbury Branch
J.B. Wilson, Manager Carstairs Branch

as here, where good farming had been done crops were in pretty good shape. The pasture is perhaps a little better than down here but take it all round there is not much difference between the two places. Garden stuff looks to be in pretty good shape, Mr. Westland showing by his own efforts what this country will produce when it is given the chance. His strawberry patch and flower beds are exceptionally good this year.

ALL MUST WORK

(Continued from page 3)

tial work is better than a man not employed at all.

Canada's Anti-loafing Law has been in operation since early in April and every male person over sixteen and under sixty years of age, unless a bona fide student, or physically unfit, or reasonably unable to find employment, must be engaged in some useful occupation.

In Canada the most essential industry at the present time is agricultural. More than 65,000 able-bodied men, in addition to the men already on the land, such as the Soldiers of the Soil and the boys and women of other organizations, will be needed to save the crops this season. There is no room for loafers; no time for idlers and there should be no mercy for tramps and mere pool-room sports.

SYNOPSIS OF CANADIAN NORTH-WEST LAND REGULATIONS.

THE sole head of a family, or any male over 18 years old, may homestead a quarter section of available Dominion land in Manitoba, Saskatchewan or Alberta. Applicant must appear in person at the Dominion Lands Agency or Sub-Agency for the District. Entry by proxy may be made at any Dominion Lands Agency (but not Sub-Agency), on certain conditions.

Duties—Six months residence upon and cultivation of the land in each of three years. A homesteader may live within nine miles of his homestead on a farm of at least 80 acres, on certain conditions. A habitable house is required except where residence is performed in the vicinity.

Live stock may be substituted for cultivation under certain conditions.

In certain districts a homesteader in good standing may pre-empt a quarter-section alongside his homestead. Price \$3 per acre.

Duties—Six months residence in each of three years after earning homestead patent; also 50 acres extra cultivation. Pre-emption patent may be obtained as soon as homestead patent, on certain conditions.

A settler who has exhausted his homestead right may take a purchased homestead in certain districts. Price \$3.00 per acre. Duties—Must reside six months in each of three years, cultivate 50 acres and erect a house worth \$300.

W. W. CORY, C.M.G.,

Deputy of the Minister of the Interior
